English

Fiction writing.

Children will use our Talk for Writing sequence to write a suspense story using the model text "The Old Mill"

'Escaping the Monster'.

Shared Reading

We will be studying

The Iron Man

By Ted Hughes

INSPIRATION DAY!

Scientific enquiry and problem solving

Outcome Event

Games afternoon playing the electrical circuit games from DT

Computing

E-Safety – understand what information on the internet is reliable.

Develop their understanding of what a branching database is and how to create one. Interpreting data collected from data loggers.

MAY THE FORCE BE WITH YOU

Scientific Understanding

Understand what a force is.

Learn about different forces of magnetism and friction.

Exploring how magnets attract and repel and what magnetic objects have in common.

Understanding objects that run on electricity.

Knowing key elements of circuits and using our understanding to test circuits using batteries, wires, lights, buzzers and switches.

Recognising various conductors and insulators.

PSHE

Understand the role money plays in their lives and how to manage money.
Critically examine the way the media presents information .

DT

Understand and use electrical systems in their products to create an Operation style game.
