

The Orchard Offer

70 things to do before you leave Orchard Primary!

At Orchard Primary School, we believe our job is to nurture our pupils to become thoughtful citizens.

It is about providing our children with a plethora of rich experiences through trips and workshops, themed activities and visitors. It is about affecting the way our pupils see the world and develop life experiences.

In order to provide Cultural Capital and enrichment for all pupils, and motivated by the desire to provide children with a richness of experiences beyond the classroom, working with School Council, we have created a list of 70 activities which enhance our curriculum and provide exciting opportunities for children to develop key life skills and experiences during their time with us.

Activities begin in the EYFS and take place every year up until pupils leave at the end of Year 6. Where possible, experiences have been linked to the children's year group visits and Learning Adventures. They include learning useful life skills, taking part in cultural opportunities and experiencing the natural world and local area.

The aim of this is to ensure that our pupils have the childhood experiences that all young people deserve!
